About the Organizer	Hunan International Business Vocational College enjoys a history of 60 years. As a provincial exemplary vocational college, it's the cradle of China international business talents, one of the main colleges of the talents promoting commerce project of ministry of commerce. It's the first college approved by ministry of commerce as the training base for international officials. Covering an area of 706 mu, the college located at Dingziwan, North		

	<p>Furong Road, Changsha city. Currently, it has over 460 faculty members, including 125 professors and associate professors. Besides, there are over 9200 students in the college. Our college is dedicated to develop the full-time degree education and in the same time play an active role in the international training course and technique service. Every year, our college will provide training courses for thousands of talents. And most of the graduates from here have become the backbones in business field, in over 100 countries and regions around the world.</p> <p>Our college is also one of the Training Bases for International Officials of the Ministry of Commerce. With the support from the Ministry of Commerce and the Department of Commerce of Hunan Province, our college has successfully organized 267 foreign-aid training programs sponsored by the Ministry of Commerce and trained 7864 officials and technical experts for 124 countries in areas of business management, engineering machinery, culture and media, light industrial technology, energy and resources, medical and health, rail transit, education and so on. Our college has established over 50 practical training bases of 7 categories in collaboration with municipal and county governments of Hunan Province, economic zones, renowned companies, scenic spots and humanistic education bases.</p> <p>With the support of advantageous industries of the Hunan Province, our college has fully capitalized on the platform of foreign-aid training and vigorously strengthened our cooperation and communication with enterprises and has effectively advanced the “going out” of Hunan’s foreign trade and enterprises.</p>
Workshop Content	<p><i>Ministerial Workshop on Mechanism of Renewable Energy Utilization & Development for Developing Countries, 2019</i> is intended to offer the following lectures: China’s Reform and Opening-up, Application of Renewable Energy in the Fields of Industry, Rural-urban Development and Transportation, Promotion Mechanisms on Construction of China Renewable Energy, Application Prospects of Renewable Energy Utilization in Developing Countries.</p> <p>Officials will have a visiting to Xiangtan. Tours to Beijing city will also be provided for their better understanding of China’s achievement of Reform and Opening-up.</p> <p>Officials will have a relatively full understanding of China through 10 days’ workshop and benefit from the said workshop to improve their own country’s renewable energy. It’s supposed to lay a good foundation for further enhancement of exchanges and cooperation in mechanism of renewable energy utilization & development field between China and other developing countries.</p>
