About the Organizer	<p>The Academy for International Business Officials (AIBO) is an educational and training institution directly under the Ministry of Commerce of the People’s Republic of China. Established in 1980, AIBO is located in Changping District, Beijing, about 30 kilometers from Beijing Capital International Airport. It boasts comprehensive infrastructure to provide services such as accommodation, catering, training and meetings for trainees.</p> <p>One of the main responsibilities of AIBO is to implement human resources development and cooperation projects, especially training courses for officials. The Academy serves as the main base for China's foreign aid training, offering both off-line and on-line training in China and overseas.</p> <p>Backed by the Ministry of Commerce and in close cooperation with China’s top think tanks, research institutes and universities, AIBO brings together a large number of China’s top experts and scholars to provide intellectual support for foreign aid training. It has developed a number of high-quality foreign aid training projects in the fields of trade and investment, international economic cooperation, governance and public management, which have proved to be fruitful.</p> <p>Since 1998, AIBO has successfully held over 2,000 training sessions for officials from developing countries (including 124 ministerial seminars), benefiting nearly 59,000 participants from other developing countries around the world.</p> <p>AIBO will adhere to the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, and take the important concepts, including a community with a shared future for mankind, the correct concept of justice and interests, the principle of sincerity, real results, amity and good faith, the philosophy of amity, honesty, mutual benefit, and inclusiveness and other important concepts as strategic guidance. It will facilitate the joint efforts in implementing major initiatives such as the “the Belt and Road” Initiative and the Global Development Initiative, and continue to help developing countries accelerate their development by sharing China's experience and programs.</p>	

<p>About the Project</p>	<p>Background: In recent years, the cooperation between China and other developing countries in the machinery industry has made fast development. China has always adhered to the high-level and institution-based opening up, and is willing to continue to work with developing countries to promote cooperation in the machinery industry, so as to promote infrastructure connectivity and production capacity cooperation, thus delivering development benefits to people of all countries.</p> <p>Purpose: The seminar aims to disseminate and popularize the transformation and upgrading path, scientific and technological strategy and technological innovation of industry, especially the machinery industry, so that the management personnel and industrialists in developing countries can understand and master the current situation and innovations of China's machinery industry, and thus laying a good foundation for improving the production technology and work efficiency of the machinery industry and allowing the participants to put in use what they learned from the seminar.</p> <p>Content: The Seminar will give lectures on various topics such as an overview of China's national conditions, China's experience in reform and opening-up and economic development, the implementation of Belt and Road Initiatives (BRI) and the Global Development Initiatives (GDI), Chinese path to modernization, build a global community of shared future for mankind, the development and application of China's industrial robots, national science and technology strategy and technological innovation, the medium and long-term planning of economic and social development, industrial transformation and upgrading path, empower the artificial intelligence and smart manufacturing, the development trend in the digital era, etc.</p> <p>Method: The seminar will invite Chinese experts in the field of machinery industry to give themed lectures on various special topics; organize exchanges and discussions between participants and experts, and among participants; organize study tours to relevant enterprises in Beijing and other cities to allow participants to experience the process of China's local economic development, witness China's achievements in the electromechanical industry, and feel the local customs across China.</p> <p>(The above is based on the preliminary schedule, and may be adjusted according to the actual situation. The final version will be provided upon arrival in China.)</p>
<p>Notes</p>	<ol style="list-style-type: none"> 1. Please prepare your passport, Chinese visa and third-party transit country visa (if necessary) before coming to China. 2. If participants cannot depart on time due to special circumstances, or if there is a flight delay during the transfer, please contact the Economic and Commercial Office or the organizer in time, inform the latest flight No. and time of arrival in Beijing so that we can arrange pick-up for you. 3. In principle, it is not allowed for individuals to change their tickets to China. If you really need to do so, please contact the Economic and Commercial Office and follow the

	<p>procedures to change your ticket. Participants who change their tickets without consent will be notified to the Economic and Commercial Office and the costs and responsibilities therefore incurred shall be borne by yourself.</p> <ol style="list-style-type: none"><li data-bbox="379 353 1437 526">4. After picking up the luggage, please wait patiently at the international arrival exit (or domestic arrival exit) and the organizer will pick you up with a pick-up board with your name on it. If waiting for more than 15 minutes, you can communicate with the organizer by phone.<li data-bbox="379 548 1437 672">5. In case of lost baggage so you need to register the loss procedure with the airline, please first communicate with the organizer to confirm the baggage delivery location and then fill in the registration form.<li data-bbox="379 694 1437 817">6. Dress Code: Participants should pay attention to the weather conditions during the Seminar and bring appropriate clothes. Participants should wear formal clothes (national costumes are also acceptable) for important activities in the Seminar.
