	Language Proficiency	Fluent in English (speaking, writing, listening and reading)	

	Others	Family members or friends shall not follow	
Training Content	<p>The seminar will be held in Beijing, China and adopt a combination of lectures, case studies, and group discussions. The lectures will tentatively include: the core essence, connotation, and extension of Thought on Ecological Civilization; policies outlined in China's "Integrated Plan for Ecological Conservation"; institutional framework and specific methods of ecological conservation; technologies and supporting measures for ecological conservation; paths and models through which China's ecological civilization construction promotes green development and increases income; international cooperation highlights under the initiative of "Building a Shared Future for All Life on Earth"; the significance of forestry in ecological conservation; the transformation paths and models of "Lucid waters and lush mountains are invaluable assets"; low-carbon, green, and circular economic development models; Thought on Ecological Civilization and the Global Development Initiative; China's ecological conservation practices guided by ecological civilization theory. Additionally, the program will include field visits to Hangzhou, Huzhou, and Jinhua and other cities in Zhejiang province.</p> <p>The seminar will arrange country report and group discussion sessions and the participants are advised to prepare materials in advance. In country report section, the tentative outline for sharing is as follows: general introduction to the participating country in geographical, cultural, societal and other aspects; ecological progress and institutional system building. In discussion session, there are different topics. For the topic of exploring bilateral cooperation, we will set up a discussion between National Forestry and Grassland Administration of China (highest forestry authorities in China) and participating countries. Participants are advised to know the current situations and challenges of forestry cooperation between participating countries and China and think about the possibility of expanding cooperation. The Seminar will also collect training needs to make future training more targeted and effective. They include the training needed for forestry development as whole and for better competence for the job.</p>		
Host City	Daxing District, Beijing	Field Visit	Hangzhou, Huzhou, Jinhua of Zhejiang province

<p>About the Organizer</p>	<p>National Academy of Forestry and Grassland Administration (NAFGA) (the former State Academy of Forestry Administration, STAFA), located in Beijing and established in 1951, is a training institution under the National Forestry and Grassland Administration. It provides training opportunities for civil servants and other employees of the National Forestry and Grassland Administration, leaders from the counties where the key forestry programs are implemented, local forestry leaders and technicians, leaders of large and medium-sized forest enterprises, international trainees and key foresters. The Party School and Adult Education Research Center of the National Forestry and Grassland Administration as well as China Forestry Education & Training Website are stationed in the Academy. NAFGA has achieved ISO9001 quality management system certificate issued by certification and accreditation administration of PRC. And the quality system is applied on all training courses or workshops hosted or sponsored by the academy. NAFGA enjoys the reputation of pioneer in training for civil servants and quality management for forestry industry. NAFGA campus covers over 5 hectares of land with building area of 40,000 square meters. The Academy boasts a main teaching building, a building for international training, an apartment building for trainees, a restaurant, a library, a sports ground, a cultural entertainment center and other facilities, which can accommodate 2,000 people at the same time.</p> <p>Sponsored by Chinese government, NAFGA has been organizing the foreign aid training projects since 2007. Up to now, NAFGA successfully held 63 seminars on varied themes including Forest Law Enforcement and Governance(FLEG), Sustainable Forest Management,</p>

	<p>UN Forest Instrument(UNFI), Wildlife Protection, Forestry Projects Development under “Belt and Road initiative”, Biodiversity Protection and Nature Reserve Management, Forest and Climate Change, CITES implementation, Management and Protection of Endangered Species through which 3,435 participants were trained and over 100 developing countries were included. With rich management experience in China aid training, good services and strong service awareness, we welcome participants from all over the world to Beijing and our beautiful campus.</p>
