About the Organizer	<p>Beijing Holley-Cotec Pharmaceuticals Co., Ltd, a professional medical company, is devoted to developing international medical market and promoting Chinese medical products. It has nearly 100 employees with 8 divisions inside and 5 subsidiaries in Africa. Artemisinin-based anti-malarial products have been registered with more than 30 countries in Africa and Southeast Asia by the company; and the marketing network has been developed as well. Good reputation and wide acceptance have been created by the products in both of the governments and patients from the epidemic areas. At present, the company is growing fast in the business of medical equipment. It has built up a domestic group union for exportation and cooperation of medical equipment. Holley-Cotec is introducing Chinese high-tech medical equipment to developing countries via the marketing platform in those countries, hence the people in those countries is benefit on it.</p> <p>Since 2007, Beijing Holley-Cotec Pharmaceuticals Co., Ltd has hosted 33 successive sessions of projects on China Aid and Technical Training for officials in developing countries, which are sponsored by Ministry of Commerce of the People's Republic of China. The company has become a key international platform of human resource training and technical exchanges through those China aid and training programs, such as malaria control, medical devices operation and management of import and export on medicine, By December, 2022, more than 1000 officials and technicians from 80 developing countries have been trained successfully.</p>
