About the Organizer	<p>Anhui Institute of International Business (AHIIB) is a public full-time higher vocational college, administratively affiliated to the Department of Commerce of Anhui Province and under the guidance of the Department of Education of Anhui Province. AHIIB was established in 1980, and after more than 40 years of development, it has become an important base for business training in Anhui Province. In March 2012, AHIIB became one of the organizers for foreign-aid training approved by the National Foreign Aid Division of the Ministry of Commerce. Since 2013, AHIIB has undertaken 38 foreign aid training programs of the Ministry of Commerce with high standards, cumulatively training 916 government officials and technical personnel from 84 different developing countries. AHIIB has established universities, industries and enterprises to innovate training methods and enrich training content by virtue of local economic advantage.</p> <p>As the co-organizer of this seminar, Anhui Agricultural University (AAU) is a key university, with a long history specializing in agriculture and forestry. It is supported by the Anhui provincial government, China Ministry of Agriculture and Rural Affairs, and National Forestry and Grassland Administration. It was recognized by the Chinese central government as one of the first ten universities nationwide to establish a Research Institute for New Rural Development, and it was selected as one of the "distinctive universities with unique features" in Anhui Province. With an open-minded strategy for educational internationalization, AAU has set up close links with universities and research institutes from over 30 countries and regions, such as US, UK, Canada, Japan, Germany and Australia. AAU was ratified respectively by China Association of Science and Technology as one of "Anhui Overseas Talents' Agricultural Bases" and by China Ministry of Education as one of Chinese universities eligible to admit international students funded by China Scholarship. China Ministry of Agriculture and Rural Affairs conferred to AAU one of its foreign language training centers for the South-South Cooperation Project. A "National Demonstrative International Science</p>

	and Technology Cooperation Base” was approved as well. The cooperation between AAU and Colorado State University of USA has been incorporated into the “ China-US University-Based Agricultural Extension Alliance.”
