About the Organizer	<p>National Academy of Forestry and Grassland Administration (NAFGA) (the former State Academy of Forestry Administration, STAFA), located in Beijing and established in 1951, is a training institution under the National Forestry and Grassland Administration. It provides training opportunities for civil servants and other employees of the National Forestry and Grassland Administration, leaders from the counties where the key forestry programs are implemented, local forestry leaders and technicians, leaders of large and medium-sized forest enterprises, international trainees and key foresters. The Party School and Adult Education Research Center of the National Forestry and Grassland Administration as well as China Forestry Education & Training Website are stationed in the Academy. NAFGA has achieved ISO9001 quality management system certificate issued by certification and accreditation administration of PRC. And the quality system is applied on all training courses or workshops hosted or sponsored by the academy. NAFGA enjoys the reputation of pioneer in training for civil servants and quality management for forestry industry. NAFGA campus covers over 5 hectares of land with building area of 40,000 square meters. The Academy boasts a main teaching building, a building for international training, an apartment building for trainees, a restaurant, a library, a sports ground, a cultural entertainment center and other facilities, which can accommodate 2,000 people at the same time.</p> <p>Sponsored by Chinese government, NAFGA has been organizing the foreign aid training projects since 2007. Up to now, NAFGA successfully held 63 seminars on varied themes including Forest Law Enforcement and Governance(FLEG), Sustainable Forest Management, UN Forest Instrument(UNFI), Wildlife Protection, Forestry Projects Development under “Belt and Road initiative”, Biodiversity Protection and Nature Reserve Management, Forest and Climate Change, CITES implementation, Management and Protection of Endangered Species through which 3,435 participants were trained and over 100 developing countries were included. With rich management experience in China aid training, good services and strong service awareness, we welcome participants from all over the world to Beijing and our beautiful campus.</p>	
Seminar Content	<p>The Seminar will be held in Beijing and adopt a combination of lectures, case studies, and group discussions. With a focus on how to promote the international forestry cooperation among BRI countries, exchange experiences and build up a good understanding about regional forestry cooperation, the topics include The Belt and Road Initiative, situation of China’s forestry development, regional forestry cooperation and programs, import and export of forest products and trading, the overseas’ investment of forestry enterprises, construction of natural reserves, sustainable forest management, wildlife conservation etc; In addition, the participants will visit Henan Province including Zhengzhou City, Xinzheng City, Jiaozuo City, Luoyang City and Xuchang City during the seminar. The aim is to build up a good platform for the participants to broaden their horizons, exchange ideas and acquire knowledge. The seminar shows great efforts to promote regional forestry cooperation, to help related countries to</p>	

enhance their forest resources management and promote the situation of their forest resources, to help participating in the global sustainable forest management and natural conservation. By sharing the experiences and challenges of China, and by providing a great platform for exchanging ideas and exploring how to strengthen forestry cooperation, we are working together to find a better solution to improve the global forest situation and cope with global climate change.

In the section of discussions, there are different topics. For the topic of exploring bilateral and multilateral cooperation, we will set up a discussion session between National Forestry and Grassland Administration of China (highest forestry authorities in China) and the participating countries. Participants are advised to know the current situation and challenges of forestry cooperation between the participating country and China and think about the possibility of expanding cooperation. The Seminar will also collect training needs to make the next training more targeted and effective. They include the training needed for forestry development as whole and for better competent for the job.
