

## Seminar on Public Health System Construction at the Port for Officials of Developing Countries

Project name	Seminar on Public Health System Construction at the Port for Officials of Developing Countries		
Organizer	Jiangsu Inspection and Quarantine Institute of Quality (Jiangsu Training Center for Commodity Inspection)		
Organizing time	Nov. 8, 2022-Nov. 28, 2022	Project language	English
Invited countries	Developing Countries	Planned number of participants	30
Training goals	<p>This seminar will invite WHO technical consultants, health quarantine officers of China Customs, CDC experts on epidemic prevention and control to share the knowledge and experience of epidemic prevention and control with other developing countries combined with the specific exploration and practice of China Customs to prevent the imported COVID-19 cases. The seminar will enable the participants to better understand the system and mechanism of health quarantine of China Customs, quarantine inspection at the airports, seaports and land ports, health supervision at ports, international travel health care, testing technologies of the infectious disease laboratories and other working contents of China Customs. At this critical moment of the global fight against COVID-19 pandemic, we hope that through this seminar we would tell the story of China's fight against the pandemic, share China's experience of pandemic containment, so as to help other developing countries defeat the COVID-19 pandemic at an early date.</p>
