## 2. Description of symposium

The symposium will be hosted by experts who ever worked at the front line of fighting against the COVID-19 epidemic and with rich experience in clinical practice. They will answer the key questions related to TCM therapeutic techniques and COVID-19, and provide assistance to countries in epidemic prevention and control. The experts will share the latest clinical application guidelines for COVID-19 in China, deeply analyze the treatment plans, and provide intuitive and effective experience for the front line treatment.

## 3. Overview of the lecturers

(1) Xu Feng: Director of International Cooperation and Exchange Office of Xiyuan Hospital, CACMS, engaged in the international exchange affairs.

(2) Zhou Peiyun: Physician of the Healthcare Center of Xiyuan Hospital, CACMS, engaged in the research on healthcare products.

(3) Hu Xiaomei: Senior cardiovascular nurse from Xiyuan Hospital, CACMS, engaged in the

	<p>research on cardiovascular diseases.</p> <p>(4) Yu Renhuan: Director of nephrology Department of Xiyuan Hospital, CACMS, engaged in the research on nephrology diseases.</p> <p>(5) Cui Yun: Respiratory Physician from Xiyuan Hospital, CACMS, engaged in the research on respiratory diseases.</p> <p>(6) Dong Guoju: Cardiovascular Physician from Xiyuan Hospital, CACMS, engaged in the research on cardiovascular diseases.</p> <p>(7) Wang Ping: Physician of the Digestive Department of Xiyuan Hospital, CACMS, engaged in the research on Chinese digestive diseases.</p> <p>(8) Li Qiuyan: Deputy Secretary of the Party Committee of Xiyuan Hospital, CACMS, engaged in the hospital management and the research on internal medicine.</p> <p>(9) Liu Zhen: President of Xiyuan Hospital, CACMS, engaged in the research on digestive diseases.</p> <p>(10) Yang Zhixu: Director of Emergency Department of Xiyuan Hospital, CACMS, engaged in the research on critical care medicine.</p> <p>(11) Xu Hao: Vice President of Xiyuan Hospital, CACMS, engaged in the hospital management and the research on cardiovascular diseases.</p> <p>(12) Hong Xia: Neurology Physician from Xiyuan Hospital, CACMS, engaged in the research on neurological diseases.</p> <p>(13) Zi Mingjie: Physician of the GCP Center of Xiyuan Hospital, CACMS, engaged in the research on clinical pharmacology and acupuncture &amp; moxibustion.</p> <p>(14) Xiao Jing: Director of Physiotherapy Department of Xiyuan Hospital, CACMS, engaged in the physical therapy and rehabilitation research.</p> <p>4. Materials to be prepared</p> <p>To facilitate the communication with Chinese experts, please prepare the materials related to the symposium topics, for example: ①Self-introduction including your specialty and organization; ②Foundation and prospect for cooperation with China; ③Suggestions and questions on COVID-19 epidemic prevention and control.</p> <p>5. Assessment</p> <p>The assessment forms will be distributed to and then collected from the students to assess the training class as a whole and its lecturing.</p>
Remarks	<p>1. Abide by the regulations of the training class and fulfill the corresponding obligations</p> <p>2. Ensure the stability of the network during the training and strictly abide by the training schedule.</p>
Brief Introduction to the Organizer	<p>Xiyuan Hospital, CACMS is the first large TCM Hospital established after the foundation of the People's Republic of China. It is a modern grade A Level 3 TCM hospital integrating medical treatment, scientific research, education and healthcare and ranked top three in Asclepius China's Hospital Competitiveness (TCM hospitals) for three consecutive years. The hospital has complete medical, surgical, gynecological and pediatric departments, with 8 of its 35 clinical departments being national key specialties. The hospital enjoys strong research ability by virtue of its clinical scientific research platforms such as National TCM Clinical Research Center for Cardiovascular Diseases and National Engineering Laboratory for Efficacy and Safety Evaluation of TCM. As the education base of Clinical School of TCM, Peking University, the Clinical School, Beijing University of Chinese Medicine, and the "Western Physicians</p>

	<p>Learning TCM" class of the National Health Commission, Xiyuan Hospital has long engaged in the education and teaching of TCM talents.</p> <p>Experience in fighting against the COVID-19 epidemic: After the outbreak of the COVID-19 epidemic, our hospital organized an 18-expert team to help the most difficult front line hospitals to fight the epidemic. In total 104 cured patients, 88 cases were treated with pure Chinese medicine based on TCM syndrome differentiation For management, the hospital has rich experience in epidemiological survey and screening.</p> <p>Experience in international cooperation for fighting against the COVID-19 epidemic: The hospital sent 6 experts to UAE to provide guidance for epidemic prevention and control. All of the 332 COVID-19 patients were cured within 30 days. The hospital also held online meetings with the medical and teaching institutions in Egypt, Nepal and Ukraine for fighting against the COVID-19 epidemic, with more than 300 foreign participants attended.</p>
