<p>About the Organizer</p>	<p>Hunan Agricultural Group Co.,Ltd., founded in 1998, is an authorized state-owned assets management group company, exercising the rights of the investor of state-owned assets on behalf of Hunan provincial government, affiliated to State-owned Assets Supervision and Administration Commission of the State Council of Hunan province. The group owns, registered capital of 80 million yuan, total assets of 542.3 million yuan, net assets of 208.4 million yuan, staff members of 519 including 65 senior staff and 138 intermediate technical personnel. It is a modern agricultural investment holding group that is involved in research and development, operation and service, consulting and training. It is mainly engaged in such areas as research and development of veterinary biologics, hotel and travel services, consulting and designing of agricultural projects, equipment operation, new rural construction and real estate development, foreign aid agricultural programs, and modern agricultural technology training. The company has such affiliates as Hunan Haiyi Agricultural Technology Development Co. Ltd., Hunan Ya Tai Biological Development Co. Ltd., Hunan Ya Hua Hotel Co. Ltd., Hunan Zhong'an Bio-Pharmaceutical Co. Ltd., Hunan Quality Agricultural Products Development Service Center, Hunan Agricultural Materials Corporation, Hunan Agricultural Engineering Institute (Agricultural Engineering Consulting Center), Hunan Agriculture Industry Development Center, Jia kaicheng Holding Co. Ltd., Division of Overseas Business and International Exchange Center, which are state-owned, holding or joint stock companies or units.</p> <p>Hunan Agricultural Group Co.,Ltd. has always actively participated in the work of China aid programs. Cooperated with the Department of Agriculture of Hunan province, the company has implemented 31 China aid agricultural projects for 37 countries from Africa, Asia, and Latin America, dispatched 667 technicians, and provided 11,400 tons of materials and equipment for recipient countries. With the great support and guidance of Ministry of Commerce of PRC and Department of Commerce of Hunan province, since 2015, our company has undertaken the first phase vegetable greenhouse technical operation project to aid Georgia, lasting for 2.5 years, which is highly praised by all sides. Since 2008, Hunan Agricultural Group Co.,Ltd. has successfully organized 70 China-aid training programs, involving 2,587 participants from 85 countries, which is highly acclaimed and achieves good social effect as well. Thanks to the successful organization of the training programs, appreciation letters from participants and their dispatching organizations such as the African Union Commission, the Republic of the Gambia, Ghana, Tajikistan have been sent to the Chinese embassies in the above countries.</p>
----------------------------	---

<p>Training Course Content</p>	<p>Entrusted by the Ministry of Commerce of the People's Republic of China, Training Course on Bee Keeping and Honey Processing Technology for Developing Countries, 2019 will be held in Changsha during September 23rd to November 11th, 2019 by Hunan Agricultural Group Co.,Ltd.. Experts from Hunan Agricultural Group Co.,Ltd., Hunan Branch of China Bee Products Association, Hunan Agricultural University, Hunan Beekeeping Research Institute will deliver lectures.</p> <p>The training course will be conducted in the such ways as lectures, practice, seminars and visiting. Lectures will be delivered on such topics:</p> <ol style="list-style-type: none"> (1) Theories and lab experiment on bee biology and queen-rearing; (2) Establishment of the apiary; (3) Four-season management of bee colonies; (4) Production of honey; (5) Deep processing of bee product, including honey, royal jelly, pollen, propolis, etc. (6) Innovation management and start-up education; (7) The Belt and Road Initiative Industry and Project connection. <p>In addition, beekeeping practice will also be carried out on site, through which the participants will acquire the making knowledge of queen-rearing frame, foundation, bee box, etc.. Participants will also learn how to operate frame-lifting, grafting, queen-rearing, splitting, comb-adding, etc.. They will study the evaluation methodology for honey quality, thus better promoting the bee product to the market.</p> <p>By visiting the large-scale demonstrative apiaries and national leading enterprise for beekeeping and honey processing, and communicating with the beekeeping experts in Hunan and other provinces, participants will get the access to the platform for economic cooperation in the future.</p> <p>In the training, participants will have a full experience of traditional Chinese culture and art, and have a taste of the hospitality of Chinese people, while learning the advanced technology in agriculture sector, to further enhance the friendship and relationship between China and developing countries. By visiting the communities and rural areas, participants will witness the great changes of Chinese people in their food, clothing, housing, transportation and other aspects, and have a better understanding of the achievements made in the 40 years after the China's reform and opening up in agriculture, economy and trade sector.</p>
