

## Training Course on Grain Processing and Inspection Technology for Developing Countries

Name	Training Course on Grain Processing and Inspection Technology for Developing Countries		
Organizer	Hunan Agricultural Group Co., Ltd.		
Time	July 18 <sup>th</sup> to August 7 <sup>th</sup> , 2023	Language	English
Countries Invited	Developing Countries	Number of Participants	25
Objectives of the Training Course	<p>In the professional aspects, to make participants understand the technology and experience in the fields related to grain processing and testing technology; to enable participants to practically and effectively improve management level and technical capability on the basis of what have been learned in combination with the actual situation of participating country, and to promote foreign cooperation and exchanges in the field of grain processing and testing technology.</p> <p>In the cultural aspects, to tell good Chinese stories to let participants have a better understanding of China.</p>		
Requirements for the Participants	Professional Background	<p>——Field or Major: Agriculture-related fields.</p> <p>——Position: Technicians or managers in relevant agricultural fields and managers in relevant government industrial development.</p> <p>——Job level, academic degree or other relevant qualifications: technician or manager</p> <p>——Years of working in relevant fields: unlimited.</p>	
	Age	Under 45 for officials at or under director's level and technician; under 50 for officials at director general's level	
	Health	In good health with health certificate issued by the local public hospitals; without diseases with which entry to China is disallowed by China's laws and regulations; without severe chronic diseases such as serious high blood pressure, cardiovascular/cerebrovascular diseases and diabetes; without metal diseases or epidemic diseases that are likely to cause serious threat to public health; not in the process of recovering after a major operation or in the process of acute diseases; not seriously disabled or pregnant	
	Language	Capable of listening, speaking, reading and writing in English	

	others	Family members or friends shall not follow
Training Course Content	<p>1. Brief introduction to the names and contents of major training courses:</p> <p>① National Report of China: mainly introduces the current development status and achievements of China's politics, economics, society and culture after the foundation of the new China over 70 years.</p> <p>② Food Security Strategy and Realization Path: mainly introduces the current situation of food security in the world, the change and current situation of food security in China, and the measures to cope with food security in China, etc.</p> <p>③ Grain Crop Quality Evaluation Technology: mainly introduces the grain seed appearance analysis method, starch content analysis method, grain crop analysis method, focusing on the traditional analysis method, scanner and software analysis method;</p> <p>④ Oil Laboratory Testing Ability and Quality Management: mainly introduces key knowledge, basic knowledge, storage requirements, quality index, testing technology, testing equipment and related key points of edible oil , etc.</p> <p>⑤ Processing Technology of Main Food Crops: mainly introduces processing technology of rice, corn, soybean and other food crops, comprehensive utilization technology of food by-products, etc.</p> <p>⑥ Oil Crop Processing Technology Research: mainly introduces the extraction and refining of canola oil, soybean oil and other edible oils, the comprehensive utilization technology of oil processing by-products, the preparation of biofuels, etc.</p> <p>⑦ Edible Oil Safety and Environmental Protection: mainly introduces the effects of oxidation products, acrylamide, trans fatty acids on health, the harm of aflatoxin to human health, environmental protection in the process of cooking oil;</p> <p>⑧ Construction and Application of Grain Processing Machinery and Equipment: mainly introduces the development of food industry and food machinery, convenient food processing equipment, dairy processing equipment, fruit and vegetable fresh-keeping processing equipment, meat processing equipment, new equipment of processing machinery, photoelectric sorting technology and equipment, supercritical extraction technology and equipment, etc.</p> <p>⑨ Analysis of Trade Channels and Situation of Main Food Crops: mainly introduce the background of food crops trade, import and export trade of main food crops between China and participants' countries, problems of food crops trade in developing countries and countermeasures;</p> <p>⑩ Chinese Cultural Experiences: take participants to experience traditional Chinese culture such as calligraphy, tea art, Tai Chi, Mid-autumn, museums, etc.</p>	

	<p>1. Brief introduction to visiting and inspection activities:</p> <p>① Hunan Province: agricultural demonstration bases, agricultural products processing enterprises, rural revitalization demonstration sites, China's new rural construction and other places.</p> <p>② Guangxi Province: agricultural products processing enterprises, agricultural demonstration bases, beautiful landscape of China and so on.</p> <p>2. During the training period, exchange among participants on national report of participating countries and learning result will be arranged, such as:</p> <p>① The working situation of personal positions and the existing opportunities and challenges;</p> <p>② The current situation and existing problems of domestic industrial development;</p> <p>③ Opportunities and challenges of economic and trade cooperation between local agricultural related industries and related enterprises and China.</p>		
Host City	Changsha, Hunan	The climate of the host city	25°C~33°C
City to Visit	Changde, Hunan Guilin, Guangxi	The climate of the visit city	25°C~33°C 27°C~34°C
Notes	<p>1. Visa: Please make sure the visa is valid from 5 days before the project starts to 5 days after the project ends.</p> <p>2. Daily Necessities:</p> <p>① Please make sound preparations according to the training arrangement and the weather condition of the place where the training is held and visited.</p> <p>② You can bring a small amount of common medicines according to your own situation, but it is strictly prohibited to bring banned and over-limited medicines into China.</p> <p>③ If you have any questions or needs regarding religious belief, please contact us in advance.</p> <p>3. Baggage Requirements.</p> <p>① Please pay attention to the baggage allowance stipulated by international and Chinese flights. The responsibility for the costs arising from overweight baggage and the responsibility for missed flights arising from baggage disputes will be borne by the individual.</p> <p>② Please make sure if you need to re-check your baggage when you transfer to another</p>		

	<p>flight.</p> <p>③In case of lost checked baggage, please register with the airline in time. When filling out the registration form, please call our contact person first to confirm the address where the baggage is delivered.</p> <p>4. Missed Flight and Pick-up Arrangement.</p> <p>①If you cannot depart on time due to special circumstances, or if your flight is delayed when you transfer, please inform our contact person in time.</p> <p>②After picking up the luggage, please wait patiently at the international (or domestic) arrival exit, and the staff will pick you up with a card bearing the name of the organizer. If there is any abnormal situation, please contact our company in time.</p> <p>5. Ticket Refund and Changing: If the ticket is changed without consent or the ticket is refunded or changed due to personal reasons, the cost and responsibility will be borne by the individual.</p>
<p>Introduction of the Organizer</p>	<p>Hunan Agricultural Group Co., LTD. (formerly known as Hunan Agricultural Group Co., LTD.) is a wholly-owned subsidiary of Hunan Agricultural Development and Investment Group Co., LTD., It is the largest state-owned agricultural enterprise in Hunan Province, which was approved by Hunan Agriculture Department in 1996. The company actively integrates into the industrial development system of agricultural development and investment Group, implements industrial chain reinforcement and industrial collaborative development, meets the industrial demand and improves the service value. The company is a diversified modern agricultural enterprise integrating research and development, production and manufacturing of veterinary biological products, supply of agricultural materials and equipment, agricultural technology and modern agricultural operation services, international agricultural technology consultation and training, agricultural import and export trade, mainly engaged in the whole food chain health management, animal life cycle health management, animal and plant protection technology services, agricultural import and export supply chain services.</p> <p>Hunan Agricultural Development Investment Group Co., LTD. (hereinafter referred to as Hunan Agricultural Development Group), the parent company of Agricultural Science Group, is a large-scale state-owned provincial agricultural enterprise formed by the merger of Hunan Modern Agricultural Industry Holding Group Co., LTD and Hunan Grain Group Co., LTD., with registered capital of 10 billion yuan and total assets of 63 billion yuan. It is mainly engaged in grain, oil and meat purchasing, storage and processing, breeding pigs and pigs breeding, food research, development and processing, grain and oil import and export, and undertakes the functional business of grain, oil and meat purchasing and storage in the province. It is the main supplier of grain and oil products in the central and southern region, the live pig exporter for Hong Kong and Macao, the domestic large breeding pig supplier, and the national livestock and poultry seed formation enterprise.</p> <p>For many years, Hunan Agricultural Group Co., Ltd. has always paid highly attention to</p>

	<p>the development of China-aid programs on agricultural techniques and training on modern agricultural technology, aiming at creating a famous brand of international agricultural exchanges and training. With the great support and guidance of Ministry of Commerce of PRC and Department of Commerce of Hunan province, since 2015, our company has undertaken the First Phase Vegetable Greenhouse Technical Cooperation Project to aid Georgia, lasting for 2.5 years, which is highly praised by two sides. Meanwhile, since our company began to undertake the China aid training work in 2008, we have constantly promoted the implementation of foreign aid training to a new level with a high sense of mission and responsibility, conscientiousness and meticulous implementation. Relying on a professional management team, well-established management system and strong teaching resource, our company has formed a complete set of sophisticated training system for both long-term and short-term training course, both technician and official training course.</p> <p>By the end of 2022, our company has successfully completed 116 China-aid training courses, having trained 4,716 officials and technicians from more than 90 countries in Asia, Africa, Latin America, the South Pacific and Caribbean region. Hunan Agricultural Group Co., Ltd. takes and demonstrates the agricultural advantages of Hunan province, conducting training courses in areas such as beekeeping and honey processing, oil crops, grain and oil crops &amp; irrigation technology, agricultural product processing, grain and oil test and processing, soybean production and processing, facility agriculture, agricultural products circulation technology, etc., the training result of which has been highly acclaimed by both participants and dispatching units and received appreciation letters from multiple governmental agencies such as the African Union Commission, Jordan, Gambia, Ghana, Tajikistan.</p>
