About the Organizer	<p>Yunnan Police College, founded in 1950 and upgraded to a police college for undergraduate education, has obtained the qualifications for enrolling graduate students for Master's Degree in Policing in 2012 and international graduate students in 2014. 23 foreign graduate students are now studying in the college. Up to the present the college has been built into a comprehensive institute with the following functions: three training bases under the unified leadership of Ministry of Public Security, they are Narcotics Control Police Training Base, Science and Information Technology Training Base and Police Logistic Management Training Base; Southeast Police Officers Training Base, Training Base for newly nominated directors and political commissars at police bureaus at county levels nationwide, Training Base on standardization of law enforcement at county levels. The college also serves as an exam site for Wu Shu, a national training center for self-defense, and a base for civil service exam. It is also a research base on drug issues of Yunnan Province. Yunnan Police College has been honored as Institute with Excellent Social Reputation at provincial level, a Provincial Excellent School and a Garden-like School. It also has been awarded first class collective merit once and third class collective merit twice by the Ministry of Public Security.</p> <p>Up to December of 2017, the number of the teaching and administrative staff reaches 482, of which 140 teachers enjoy the title of professor and associate professor. 182 teaching staff members have been granted an MA or a PhD academic degree. The College covers an area of 1382.16 acres along with its construction area of over 20,000 square meters. The library has a total collection of approximately 1,020,000 books (including e-books), 708 kinds of journals with 8462 volumes of their own. There are 54 common classrooms with 3935 seats, 87 multimedia classrooms with 7456 seats, 30 labs, 3188 pieces of equipment for teaching and research. The total area of sport ground covers 72,659 square meters.</p> <p>There are five disciplines, namely, law, science, engineering, administration and pedagogy, and fifteen undergraduate majors, namely, narcotics control, laws, public security, criminal investigation, border control, computer science, forensic science, traffic management, intelligence science, economic investigation, public affairs management, social work, information security,</p>	

	<p>police dog science and sports education. We also have College Journal and College Newspaper. In addition, there are research institutes, such as a forensic Science lab, a drug research lab and judicial expertise. National Professional Characteristic has been endowed to 3 of the majors. Along with the existence of 3 key laboratories at the provincial (ministerial) level, 1 provincial key discipline, 1 provincial key major and 8 national excellent courses can be found in the College. A great many of the teachers have achieved considerable success. There are 1 National Excellent teacher, 2 National Excellent teachers of Police Colleges, 2 National Excellent teachers of higher education, 1 National Teacher Model, 1 National Staff of Police Colleges, 11 Provincial prominent teacher, 3 Provincial prominent teacher’s studios, 4 provincial teaching teams, and 100 Provincial( ministry level) experts.</p> <p>The College also put its emphasis on international communication. It has promoted a broad range of international communications with the Ministry of Home Affairs, police agencies and police education organizations of neighboring countries, and European, American and African countries. It has established a friendly relationship and put forward win-win cooperation with Royal Thai Police Cadet Academy, Cambodia Police College, Lao People’s Police College, Myanmar Central Police Training College, Justice Institute British Columbia of Canada, Macau University of Science and Technology and University of Macao. Up to the present, training programs have been provided for over 2800 officers from over 70 countries of Asia, Europe and Africa. Now, the aid constructions provided to Nepal Armed Police Academy, Cambodia Police College and Lao People’s Police College are being pushed forward.</p>
Seminar Content	<p>In line with the practical needs, the training will be carried out with a clear purpose and a sound plan, in all dimensions and multiforms, and on an effect-orientation focus. The principle to conduct the seminar is to ensure the leading role of lecture study supplemented by field trips for the police operations. The seminar will combine great academic resources of the college with the advantage of Anti-Drug Department of Yunnan Provincial Public Security Bureau, offering classes by experts within and outside the YNPC. Through group learning, discussion and communication in this seminar, we are aiming to lay a solid foundation for a lasting anti-grug law enforcement cooperation and policing coordination, especially for establishing and strengthening joint strike against drug crimes, and preventing international and transnational drug crimes between China and reapective developing countries.</p> <p>English will be the working language of the seminar. The seminar covers theme lectures, theme discussion, field trip to related governmental department, field trip to other cities and sightseeing. The lectures will be given through the multiple media, case discussion and questions-answer. Lecturers are professors of YNPC and officers of relative policing department. The subjects includes:</p> <ul style="list-style-type: none"> <li><i>National Conditions of China</i></li> <li><i>Police System of China</i></li> <li><i>Anti-Drug Strategies</i></li> <li><i>Anti-Drug Laws and Regulations of China</i></li> <li><i>China’s Drug Rehabilitation Mode</i></li> <li><i>International Cooperation on Anti-Narcotics Law Enforcement</i></li> <li><i>Criminal Investigations on Narcotics Cases</i></li> <li><i>Analysis on Narcotic Intelligence</i></li> <li><i>Organization and Carrying-Out of Controlled Drug Delivery</i></li> <li><i>Administration on Precursor Chemicals</i></li> <li><i>Application of Police Drone in Actual Combat</i></li> <li><i>On-Site Investigation and Seizure (Take Yunnan Province as an example)</i></li> </ul>

*Elementary Chinese Language*

Field observations and practical training on the On-Site Investigation and Seizure in the drug inspection station of Yuxi city, Yunnan province. This station locates at the the Kunming-Bangkok international road and is the key channel for drugs abroad to enter Yunnan Province. From May, 2008 (the founding date of the station) to now, this station has dealt with more than 5200 drug cases. Through the field trip, it's easier for participants to understand the work there like personnel allotment, position-taking, vehicle examination, individual body check, cargo examination.etc. and the use of inspecting devices for oversize vehicles, small vehicles and X-Ray detector using and etc.. Beijing People's Police College features for its complete modern police training equipment and advanced teaching methods, and rich experience in academic communications with other countries. Through the visit to this college, all participants will get to know the training facilities on stamina, skills and police strategies and understand better the anti-narcotic situational teaching, drug intelligence analysis, mark contrasts and simulative police commanding training.

A combination of in-class lectures and field-trip practice will help participants understand the reform and development of China's various regions in the process of modernization, and further improve the international law enforcement cooperation between China and developing countries.
