About the Organisor	<p>Criminal Investigation Police University of China (CIPUC, formerly known as National Police University of China), located in the historic city of Shenyang, is a police university subordinated to the administration of the Ministry of Public Security of P.R.China, which aims at nurturing qualified personnel in criminal investigation and forensic science. Since it was established in 1948 , under the leadership of the Ministry of Public Security, CIPUC has inherited and assembled the highlights of criminal investigation and forensic science in China, and therefore has developed a complete setting of police education system, police specialty system and education running and management system. Upholding “Loyalty, Honesty, Unity and Endeavor” as its motto, the university has nurtured a large number of distinguished specialists for public security and justice agencies and experts in the field of criminal investigation and forensic science. The University is named as the “Cradle of Oriental Sherlock Homes”.</p> <p>CIPUC adheres to people-oriented, service-oriented, and strives to build a beautiful and intelligent campus to provide teachers and students with a high quality and comfortable working and learning environment. There are three campuses, covering an area of 538,000 square meters, which are garden-style units in Liaoning Province. There are libraries, shooting ranges, strength training halls, investigation training centres, simulation command centres and other venues, with a variety of top professional laboratories in China. At present, the first phase of the renovation and expansion project has officially started. Four monolithic buildings, such as Criminal Technology Training Centre, will be built, with a net increase of 125,000 square meters. Insisting on opening up, expanding cooperation and accelerating the process of internationalisation, the role of police work as a window for foreign exchange has become increasingly prominent. CIPUC has established friendly cooperative relationships with 40 higher education institutions and police agencies in 24 countries and regions, including the United States, the United Kingdom, Germany and Russia. The University is the "Foreign Police Training Contractor" established by the Ministry of Public Security and the Ministry of Commerce and the "China-EU Police Training Project Contractor". CIPUC has trained more than 2,300 criminal investigation specialists for 101 countries.</p>	
Seminar Content	<p>The training is mainly for the police and law enforcement officers of exit-entry administration agencies from developing countries. The training sessions are theoretical teaching, supplemented by practical training, which comprehensively introduce Chinese police’s advanced concepts and the best practices on exit-entry documents examination.</p> <p>The theoretical courses include General Situation of China, Judicial System in China, Police System in China, Immigration Administration in China, Technological Modernisation of Immigration Administration in China, Passport and Visa Regime in China, Questioned Document Examination in China, Passport Anti-Counterfeit Materials (Paper & Ink), Passport</p>	

Anti-counterfeit Printing and Binding Technologies, Examination of Seal & Exit-Entry Stamps Impression in China, Face Recognition in Travel Document Examination, Examination Methods of Exit-Entry Documents of Common Countries, Collection and Analysis of Criminal Intelligence etc.

Practical training courses include Policing Chinese, Tai Chi and Calligraphy etc.

The training programme is composed of lectures, seminars and field visits. During the training, courses on forensic science will include both theoretical lectures and practical training in laboratories. Besides, participants will visit police agencies in Shenyang City of Liaoning Province, Kunming City of Yunnan Province and Guangzhou City of Guangdong Province for field study and communication on the related issues of immigration and exit-entry administration and exit-entry documents examination. Shenyang City is the capital city and the political, economic and cultural centre of Liaoning Province. It is known as the birthplace of Qing Dynasty and the capital of two emperors' regime. Exit-Entry Administration Department of Shenyang Public Security Bureau and Shenyang Border Agency have rich experiences in exit-entry documents examination. Kunming is in Southwest China, a gateway city to Southeast Asia and South Asia. It is the intersection of ASEAN "10+1" Free Trade Zones, Greater Mekong Sub-region Economic Cooperation Circle and Pan-Pearl River Delta Economic Cooperation Circle. Kunming is a renowned historic city in China and it is named as the "Spring City" for its beautiful landscape and being like spring all the year around. Yunnan General Station of Exit and Entry Frontier Inspection has made outstanding achievements in exit-entry documents examination, anti-terrorism along the border, anti-narcotics, counter smuggling, counter firearm trafficking and counter human smuggling and so on. The General Station initiated the new international cooperation paradigm of Mekong River Joint Patrol and Law Enforcement. The visit to Yunnan General Station of Exit and Entry Frontier Inspection helps police and law enforcement officers from developing countries gain further understanding of the current situation of immigration and exit-entry administration on the China border and related exit-entry documents examination. Guangzhou City in Guangdong Province is an important core city, an international business centre and an integrated transport hub in China approved by the State Council of P.R.China. It is a national comprehensive gateway city, one of first open coastal cities, the China's south gate to the world and the central city of Guangdong-Hongkong-Macao Greater Bay Area and Pan-Pearl River Delta Economic Zone and the hub city of "The Belt and Road" Initiative. As a renowned historic city in China, Guangzhou is the central city of Cantonese Culture, the political, military, economic, cultural and science and technology centre in South China and the unique super port in the world with long-lasting prosperity for more than two thousand years. Exit-Entry Administration Department of Guangzhou Public Security Bureau is always the reform and innovation pioneer in the field of immigration and exit-entry administration in China. It is the forefront of China in serving the development of Guangdong-Hongkong-Macao Greater Bay Area and improving services of issuing passports for the convenience of the people, actively applying cutting-edge technology in developing "Intelligent Exit-Entry Service", building "Intelligent Exit-Entry Documents Service Hall" and promoting "Intelligent Exit-Entry Documents Service in Community". The field visits to Exit-Entry Administration Department of Guangzhou Public Security Bureau will certainly help training participants expand their vision and concepts at work.
