About the Organizer	<p>Shanghai Business School (SBS), covering an area of nearly 400 mu with three campuses, namely Xuhui, Fengxian and Yangpu, is an undergraduate college under the direct auspices of Shanghai Municipal Government. SBS involves 7 discipline fields and offers 30 undergraduate programs. At present, SBS boasts a faculty body of more than 700 full-time instructors, among whom 88% have Master or PhD degrees. Shanghai Business School is equipped with modern infrastructure and smart campuses with international advanced level.</p> <p>In 2010, Shanghai Education and Training Center of Commerce (referred to as Center) was authorized by the Chinese Ministry of Commerce as one of the training bases for international business officials. In 2016, the Center was merged into SBS. SBS focuses on “Reinforcing Internal Management and Strengthening Brand Building” to promote the capacity building of foreign aid training, continuously strengthen internal standardized management, improve management system construction, extend the service chain of training, emphasize people-oriented service, and elaborately create the “Alma Mater” atmosphere for participants from all over the world. With the mission of “Spreading Friendship, Strengthening Training, Emphasizing Effectiveness”, SBS has been insisting on its working philosophy: Demand-oriented, Innovation-powered, Service-based, Quality-centered, focusing on training objectives and demand of the recipient countries and fully relying on geographical advantages and resources of Shanghai to dedicate itself into one with international influence.</p> <p>By the end of 2018, Shanghai Business School has successfully held 139 seminars for</p>	

	<p>international business officials, training 3,847 officials from 134 countries and regional organizations in 6 continents, which has brought out excellent training effects and has been highly appreciated by all the participants.</p>
<p>Seminar Course Content</p>	<p>The course mainly focus on management mode of infrastructure engineering project in China, sustainable development of engineering management, including energy-saving building and PC building, measure for safety, quality supervision and management of Shanghai highway engineering, PPP theory and application, engineering facilities management and safety management in construction project, etc. The seminar mainly adopt the discussion-based teaching, case studies and interactive model, while emphasizing the integration of teaching and practice.</p> <p>In the meantime, participants will have chances to visit the relevant institutions to better understand the engineering project management in modern China. Furthermore, participants will visit Urban Planning Exhibition Halls in Changsha City of Hunan Province, Zhongxin Engineering Project Management CO., LTD in Guangzhou City of Guangdong Province, so they will see and feel more about real China as well as have a better understanding about what has been introduced during the seminar. The seminar aims to build up a good platform for the participants to broaden their horizons, develop ideas, exchange experiences and improve ability through lectures and study activities in a limited time.</p> <p>The seminar will fully present the development of engineering project management in China, including Shanghai. The participants can have an in-depth view of current situation, accumulated experiences and achievements of engineering project management in China. In addition, it is also expected that the seminar serves as a good platform of communication for China and other developing countries so as to promote their further cooperation and common development.</p>
