About the Organizer	<p>China-Europe Vocational Training Centre (CEVTC) is located in Wuhan, the beautiful Yangtze River city and the capital city of Hubei province in central China. CEVTC was founded in 2000 and implemented the extremely successful human resources development cooperation programme between the European Union and Chinese Government—EU-CHINA Programme for the Development of Vocational Training for Industry. Since its beginning this EU-China Programme has been successfully providing training for the Sino-EU joint venture companies all over China. CEVTC has been highly praised and was considered by EU Delegation in China as a flagship model of EU-China cooperation programmes. CEVTC embraces advanced training conceptions and methodologies and operates under the guideline of NEED-ORIENTED, TRAINEE-CENTRED, and TECHNIQUE-BASED. The methods of small-class training, team interaction, case study, situational practicing, experience sharing are adopted, which are well received by the participants.</p> <p>CEVTC is the human resources development centre of Hubei province in commercial talents as well as one of the organizers of the human resources development projects of aid to developing countries approved by the Ministry of Commerce of the People's Republic of China (MOFCOM). Since 2006, CEVTC started to organize the serial seminars in area of globalization and trade co-sponsored by the MOFCOM and the United Nations Conference on Trade and Development (UNCTAD). Up to present, CEVTC has successfully organized more than twenty international seminars, such as the Seminar on Economic Globalization, the Seminar on Capacity Building in International Trade for Developing Countries, the Seminar on Economic Globalization and International Industry Transfer and the Seminar on Economic Globalization and China's Manufacturing Industrial Development, the Seminar on South-South Cooperation and Economic Development in Africa, etc. Nearly 700 governmental officials from 89 developing countries in Asia, Africa, Latin America, Europe and Oceania participated in the training programme. They were all very satisfied with these seminars and gave very positive feedback. The serial seminars have made far-reaching impact, and welcomed by the participants from those countries.</p>	
Seminar Content	<p>Authorized by the MOFCOM of China, CEVTC will organize the Seminar on Economic Globalization and Made-in-China for Developing Countries from November 8 to November 28, 2019. This seminar is sponsored by MOFCOM, including both lectures and study tours.</p> <p>Both the UNCTAD experts and the Chinese experts will give the lectures, which mainly cover the following topics: Economic Globalization and Development; Impact of Global Crisis on Developing Countries; Response, Prevention and Reform of Global Crisis; Regional</p>	

Cooperation and Lessons of the Euro Debt Crisis; Global Crisis and China's Responses; China's Economic Recovery and Transformation; China's Economic Transformation and Industrial Structure Adjustment; Made-in-China in Global Competition; Global Value Chain and Industrial Cluster Upgrading for Developing Countries; From Made-in-China to Created-by-China; Globalization of Chinese Enterprises; "Belt and Road Initiative" and Industry Transfer Strategy; Development of Emerging Industries and Industrial Clusters in the Transitional Period; Industrial Transfer Experience of Developed Countries and Industrial Transfer Path of China; The relationship between scientific and technological innovation and Industrial resettlement; The Ways and Techniques of Industry Resettlement by Local Governments in China; Policies and Financial Services in the Process of Industrial Transfer; , etc.

During the seminar, we will organize the study tours to Beijing, Shanghai and Yichang to visit industrial parks and enterprises and have exchanges with local governments and entrepreneurs to learn their experience of industrial development in the globalization and share China's experience and methods of the manufacturing industry development in the globalization. Besides, we will organize the study tours to the Three Gorges Dam in Yichang and rural area.

Through the seminar, participants will have a better understanding of the globalization and China's economic development and more about the world's industrial transfer and the practices and paths of China's industrial transfer, as well as the current status of China's industrial transfer. China's successful experiences and practices will be used by participants from developing countries to make more contributions to the economic and trade development and Industrial Transfer of their own countries. At the same time, the seminar will also help promote friendship and cooperation between China and the developing countries.
