

PROMOTING ACTIVE CITIZENRY – THE PUBLIC, PRIVATE AND PEOPLE PARTNERSHIP MODEL

11 TO 15 OCTOBER 2021

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SCP TRAINING AWARD (E-LEARNING)

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 132,000 officials from more than 180 countries, territories and intergovernmental organisations have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.
