ABOUT MALAYSIAN TECHNICAL COOPERATION PROGRAMME (MCTP)

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi, India, to signify Malaysia's commitment to the South-South Cooperation, in particular, the Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasizes on the development of human resources through the provision of training in various areas which are essential for a country's development such as agriculture, economy, finance, public management and administration, science & technology and ICT, health diplomacy, safety and security including cyber security, cultural diplomacy, social development, environment-related to SDG2030, education, industrial and technical training. Annually, Malaysia offered more than 60 technical and capacity-building programs under the MTCP, which have benefited more than 35,500 participants from 144 countries.

Objectives of MTCP:

- To share development experience with other countries.
- To strengthen bilateral relations between Malaysia and other developing countries.
- To promote South-South Cooperation (SSC).
- To promote Technical Cooperation among Developing Countries.

Type of Assistance:

- Short-term specialized courses.
- Long-term courses (Scholarships).
- Technical Assistance.
- Dispatch of Experts.
