

BUILDING A FUTURE READY PUBLIC SERVICE

6 – 10 September 2021

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SINGAPORE COOPERATION PROGRAMME TRAINING AWARD

to be conducted by

CIVIL SERVICE COLLEGE

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 132,000 officials from more than 180 countries and territories have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

Civil Service College

CSC is the central learning institution for the Singapore Public Service. It plays a pivotal role in nurturing and developing people for a first-class Public Service to meet the challenges of the future. As a Statutory Board under the Prime Minister's Office, they endeavor to be the heart of learning excellence and development for the Singapore Public Service.

CSC offers a comprehensive suite of programmes that build strategic capability in the public service, focusing particularly on core areas in public governance, leadership, public administration and management. They work closely with central government and public sector agencies to embed values, communicate public sector directions, and manage change in individuals and organisations. CSC partners public and private sector organisations as well as academia and international government agencies to exchange best practices and experiences in leadership, policy development, public administration and public reforms. By sharing Singapore government's experience and best practices, they hope to promote good governance and develop goodwill, co-operation and between governments across the world.

Course Objectives

This online course is conducted under the auspices of the Singapore Cooperation Programme Training Award.

This course will distil Singapore's experience in the fundamentals of good governance as the society evolves. It will also share how strategic planning and foresight tools allow the Public Service to anticipate and adapt to future governance needs.
