

SUSTAINABLE WASTE MANAGEMENT AND SMART URBANISATION IN THE FACE OF CLIMATE CHANGE

21 – 25 FEBRUARY 2022

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SINGAPORE COOPERATION PROGRAMME TRAINING AWARD

to be conducted by

SINGAPORE ENVIRONMENT INSTITUTE

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 132,000 officials from more than 180 countries and territories have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

Singapore Environment Institute

The Singapore Environment Institute (SEI) is the training and knowledge division of the National Environment Agency (NEA) of Singapore. It is responsible for the delivery of in-house technical training and building of environmental knowledge among staff to build a relevant, resourceful, and resilient NEA workplace.

Through its industry programmes with institutes of higher learning, SEI also supports capability building and Continuing Education and Training (CET) needs within the local environmental services industry. In addition, the Institute actively supports the capacity building needs of identified countries via training programmes and workshops.

Climate Action Package

This course is part of Singapore's Climate Action Package, a suite of courses launched in 2018 to support the efforts of other developing countries in building climate resilience and achieving their climate pledges.

Course Objectives

This course will cover Singapore's multi-agency approach in formulating and implementing nature-based solutions (NBS) and closing the waste loop to enhance urban resilience.

Synopsis

Topics to be covered include:

- Sustainability and sustainable pathways in urban development and mitigating climate change risks;
- Climate-smart land use planning and sustainable buildings;
- Waste-to-Energy, Waste-to-Resource, and circular economy; and
- Sustainable urban food production and food waste management.

Methodology

This course will be delivered for up to 30 participants and conducted in English through **synchronous e-Learning** ('live' e-learning sessions). There will be Q&A sessions and facilitated group discussions during the 'live' sessions on Zoom.

Regulations

Participants are required to comply with the following:

- Strictly observe course schedules and not miss training sessions, and;
- Carry out instructions and abide by conditions as may be stipulated by the nominating Authority or Government and the Government of Singapore and its appointed trainer, with respect to the course.

Duration

The course will be held over five days from **21 to 25 February 2022, from 1400h to 1730h (Singapore time; GMT/UTC+08:00) daily**. [Note: Session timings may be subject to change.] Participants will receive the detailed programme schedule once it is finalised.

Prior to course commencement, SEI will conduct a compulsory onboarding session to brief all participants on the rules of engagement (break time, attendance, punctuality, recording, Q&A).

More details on the programme schedule will be provided to successful applicants closer to the start of course.

Application Information

Applicants should be:

- Mid- to senior-level government officials involved in policymaking for sustainability and environmental conservation;
- Able to attend **all** the synchronous e-learning sessions. They will require an internet-enabled device with Zoom installed, webcam, microphone and audio;
- Nominated by their respective Governments;
- Proficient in written and spoken English; and
- In good health.

Terms of Award

The course is sponsored by the Government of Singapore under the Singapore Cooperation Programme Training Award.

Application Procedure

(Closing date for nomination: **10 January 2022**)

The Government of Singapore is pleased to invite the respective National Focal Point for Technical Assistance (NFP) to nominate **one (1)** suitable applicant. Selection of candidates will be based on merit. Should there be more applicants than training places, the Government of Singapore seeks the understanding of the respective NFP in the event that its nominee(s) is not selected.

All nominees are to submit their applications online **at** <https://go.gov.sg/sustainablewaste2022> by **Monday, 10 January 2022**.

NFPs are also required to endorse nominees via email links. Instructions and FAQs for Applicants and NFPs can be found at the links below:

- Applicants: <https://go.gov.sg/start-guide>
- NFPs: <https://go.gov.sg/start-nfp>

Note:

- Participants who complete all course assignments and attend at least 66% of 'live' e-learning sessions, will receive a certificate of completion from the SCP;
- Applicants should refrain from making telephone and email inquiries on the status of their applications; and
- The **Ministry of Foreign Affairs, Singapore** will inform all applicants of the outcome of their applications. The NFP will also be informed directly.
