

HEALTHCARE MANAGEMENT FOR ENABLED AGEING

4 TO 8 OCTOBER 2021

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SCP TRAINING AWARD (E-LEARNING)

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 132,000 officials from more than 180 countries, territories and intergovernmental organisations have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

Course Objectives

A robust and sustainable healthcare and social system is critical as the population ages. This course will share Singapore's experience in formulating healthcare policies and regulatory frameworks, with a focus on enabled ageing and chronic disease management.

Synopsis

Topics to be covered include:

- Masterplan and road map for national healthcare management and an ageing population
- Economic evaluation of mitigation and management measures
- Integrated healthcare approaches
- Healthcare financing and insurance frameworks
- Healthy lifestyle promotion to manage chronic diseases

Methodology

The course will be delivered for up to 30 participants through a combination of synchronous ("live" e-learning) and asynchronous e-learning sessions.

Regulations

Participants are required to comply with the following:

- Strictly observe course schedules and not miss training sessions, and;
- Carry out instructions and abide by conditions as may be stipulated by the nominating Authority or Government and the Government of Singapore and its appointed trainer, with respect to the course.

Duration

The course will be held over 5 days from 4 to 8 October 2021.

Application Information

Applicants should be:

- Mid- to senior-level government officials involved in healthcare policy and chronic disease projects, including financial/budgetary planning and management.

Terms of Award

The course is sponsored by the Government of Singapore under the Singapore Cooperation Programme Training Award.

Application Procedure

(Closing date for nomination: 6 September 2021)

The Government of Singapore is pleased to invite the respective National Focal Point for Technical Assistance (NFP) to nominate **one (1)** suitable applicants. Selection of candidates will be based on merit. Should there be more applicants than training places, the Government of Singapore seeks the understanding of the respective NFP in the event that its nominee(s) is not selected.

All nominees are to submit their applications online at <https://go.gov.sg/healthcare-management-for-enabled-ageing> by 6 September 2021. NFPs are also required to endorse nominees via email links. Instructions and FAQs for Applicants and NFPs can be found at the links below:

- Applicants: <https://go.gov.sg/start-guide>
- NFPs: <https://go.gov.sg/start-nfp>

Note:

- Participants who complete all course assignments and attend at least 66% of learning sessions, will receive a certificate of completion from the SCP.
- Applicants should refrain from making telephone and email inquiries on the status of their applications.
- The **Ministry of Foreign Affairs, Singapore** will inform all applicants of the outcome of their applications. The NFP will also be informed directly.
